Address: Hargeisa, Somalia

## **Objective**

I am a tenacious, compassionate, and driven gap-year student who graduated from Abaarso School and completed an internship at the Abaarso School of Science and Technology. I have had the privilege of actively engaging in various educational and leadership roles, including community service, student government, academic and PA support internships, captaining the Abaarso Soccer Team, and presiding over the Muslim Student Association at ASST.

I am keenly interested in pursuing a major in Software Engineering and Political Science and International Relations, driven by my strong aspirations to make a difference in my disadvantaged community.

In my free time, I love to study programming languages from Coursera and other tutorials on YouTube, watch TV, play soccer, spend quality time with my family and friends, and, more importantly, take on new adventures. I'm always seeking the opportunity to learn, grow, and selflessly serve others to improve this world.

## **Education**

**Abaarso School of Science and Technology**, Hargeisa, Somalia

**GPA:** 3.71-(cumulative 9th-12th grade)  
*2018 – 2024*
